

# BOTTLE JACK ST03B

## DESCRIPTION & FEATURES

- **High Lifting Capacity:** Bottle jacks are designed to lift heavy loads, often supporting weights from 2 tons to over 50 tons.
- **Compact and Portable:** Their compact design allows for easy transportation and storage, making them ideal for roadside repairs or garage use.
- **Stable Base:** They feature a wide, stable base to prevent tipping, ensuring safe lifting even on uneven surfaces.
- **Hydraulic Operation:** Bottle jacks use hydraulic power for smooth, efficient lifting with minimal effort, typically operated by a manual pump handle.
